

A hand-drawn diagram of a cell. It features a large, irregular nucleus containing a smaller, darker nucleolus and several lines representing chromatin. Surrounding the nucleus is the rough endoplasmic reticulum, depicted as a series of interconnected sacs (cisternae) with small dots representing ribosomes attached to its surface.

- ① 木₁、72の下を組む (両方同時)。
- ② 木₁、72、黒板横の金釘を直ハシ72を止る。
- ③ 木₁、72の5.5mを通す。
- ④ 木₁、72の上の金釘を通す。
- ⑤ 両側10木₁、72をつなぐ。
